

**BONALDO**

TL

Designer: Giuseppe Viganò

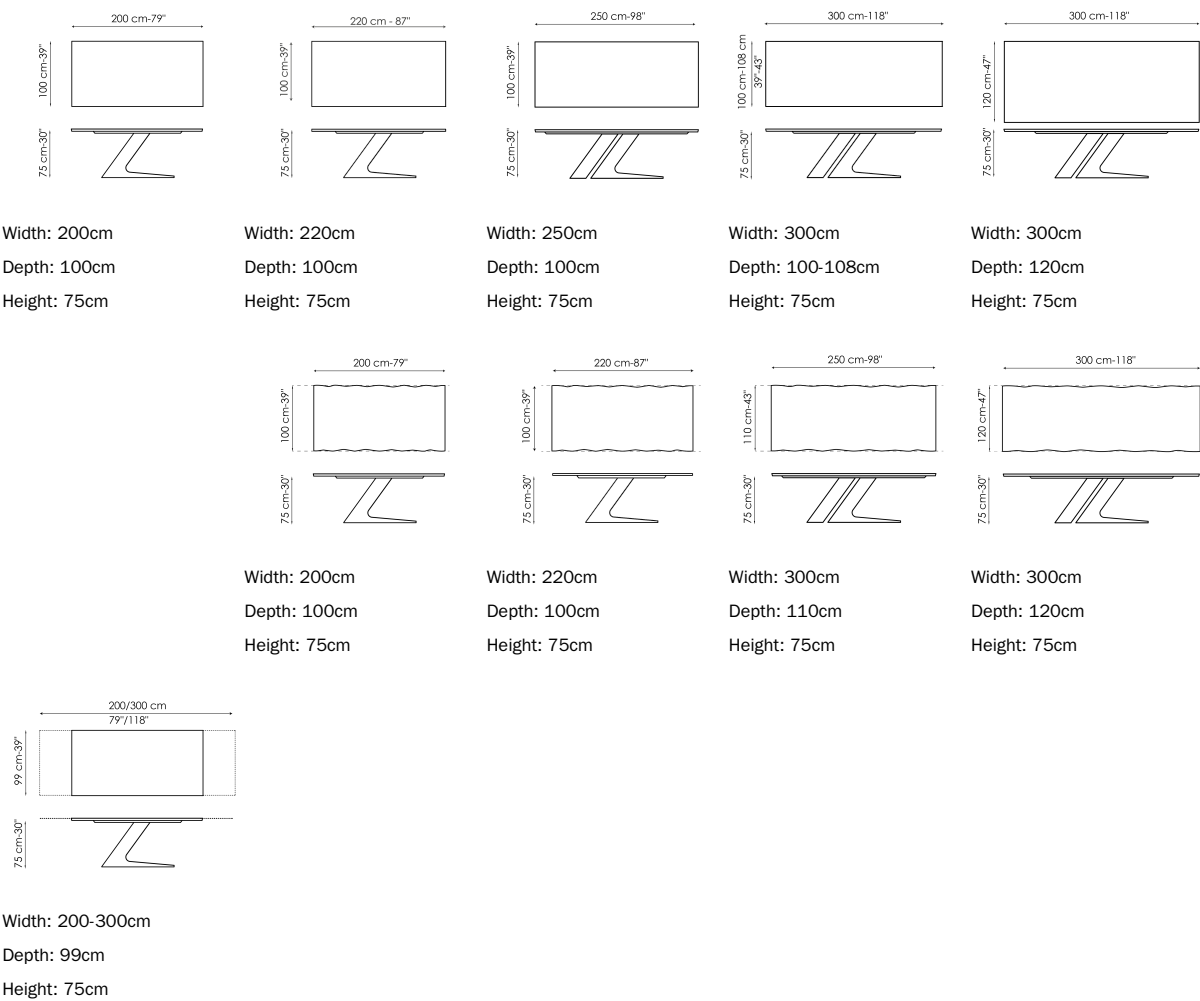

Two inclined and very thick elements, the image of solidity and stability: the name of the table, TL, is owed to the particular outline of the imposing central base which, together with the top, forms the two letters T and L. TL is available in fixed and extendable versions and stands out for the wide range of materials that can be combined together: for the painted metal

base, many colour schemes or burnished effect can be chosen. The table top is available in various wood, glass or ceramic finishes. Winner of the prestigious Good Design Award, TL stands out for the sharp lines and large thicknesses, able to design the domestic space with great originality and create a sensational visual impact.
